Dear Jack,

Tape came. Thanks.

Dont waste time wooryingz about or even thinkong about the corrupt ones who prostotite themselves. I've gotten a copy of the WJT slander, chal lenged them the day after publication to give me time to respond and have had no answer.

The finks knew al l along. Now the editor knows. Those who know me will hold it against them. Most of the rest who see it will know it is commercialized excess.

There are too mahy constructive things for which I do not have ebough time to waste precioys moments worrying about such trash. Don't let it both you,

I do not know about the Zapruder film. Willis has his for sale and I bought Altgens from AP.

Sincerely,
